After 16 years of dedicated leadership as Head of the Department at DTU Chemistry, Erling H. Stenby is stepping down from his position.

Throughout his tenure, he has played a pivotal role in shaping and developing the department, strengthening its academic excellence, fostering collaboration, and helping build the strong and vibrant department we know today. On behalf of the department, I would like to invite colleagues, collaborators, and friends to join us for a reception in recognition of Erling's remarkable contribution and leadership over the past 16 years.

This will be an opportunity to express our appreciation, celebrate his achievements, and thank him for his many years of dedicated service.
